| Dermotenseur                | 10     | Firming agent         | Water (and) Propylene Glycol (and) Kigelia Africana Fruit Extract (and) Quillaja Saponaria Bark Extract          | Gattefosse |
| <b>Total</b>                | 100    |                       |                                                                                                                  |            |

**Process:**

1. Disperse HEC and Xanthan Gum over the water. Let stand.
2. Add Phase 1 into Phase 2 with rapid agitation.
3. Finally, add all the ingredients in Phase 3 according to the order into the mixture and stir until homogenous.
